TECHNICAL DATA

LIFT TABLE P SERIES

Model: LT P-Series

P-series lift tables are innovative material handling solutions for loading and unloading operations where different heights exist between loading area and the transport vehicle.

All these lift tables are available with a wide range of AC power packs with lifting speeds varying from 1m/min-4m/min

If a standard model does not meet your specification, we will design and engineer one that meets your requirement with our latest computer aided design system.

Standard width 1800, 2100, 2400			
Length	Lowered Height	Lift Height	Raised Height
2400	350	1600	1950

Capacity

Standard - 2000 - 3000 Kgs

Special - Up to 10,000 Kgs

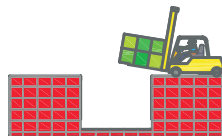

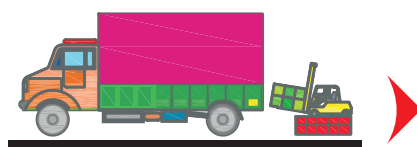

All Dimensions are in mm

Elevating Dock

The dock is at the ground level. there for goods have to be either lifted or dropped.

Goods need to be moved between two buildings within the facility.

PROBLEMS

SOLUTIONS

PUMA LIFT TRUCKS PVT. LTD.

Plot No. 265/1B & A-69 (KSSIDC),
Bommasandra Industrial Area,
Bangalore - 560 099, India.
